OUR MISSION

Ropes don’t break overnight. Damage grows for months, and we want to catch it early for Safety.

Mottarone, 23rd May 2021, 14 killed

68%

of the wires at the break had already failed from fatigue and corrosion before the accident.

CULTURE

- Over 2’400 Cable Cars in Switzerland
- First passenger cableway built in 1866
- Essential access to car-free villages
- Symbol of Swiss engineering & identity
- 100+ systems considered cultural heritage
- 1 in 2 small cableways in financial trouble
- 42 people died due to rope accidents
